GRADING

Letter Grade and Corresponding Grade Points are as follows

1. Completion: The project addresses the assignment and its parameters, is completed on time, has taken significant effort and thought, and critiques/feedback have been considered.
2. Creativity: The project and ideas are unique and thoughtful; research has been engaged in
3. Execution: The project is well crafted and presented, technically executed at a high level

Generally, project grades in this course are considered in the following way:

A 4.0 Exceptional work, all criteria of assignment have been surpassed in a distinguished way and solutions to problems presented exhibit a depth of understanding. In addition, student is engaged in exceptional studio practice, which includes active research, looking up artists recommended, asking relevant questions about other artists' works or ideas, and being thoroughly engaged in the course content.

A-3.67 Well-presented, superior work: all criteria of assignment were surpassed in a distinguished manner (including exceptional studio practice highlighted above). Minimal improvements could be made to the project overall.

B+ 3.33 Very good work: all criteria of assignment were surpassed, minor changes could be considered and executed to bring piece together.

B 3.0 Very good work: above average solutions and clear potential. Most criteria of assignment were surpassed with some improvements to be made. Execution was well done.

B- 2.67 Good work: most criteria of assignment were met. Work showed promise with a few significant improvements to be made.

C+ 2.33 Slightly above average: work, most of the criteria of the assignment were met. The works not yet a unified whole or cohesive statement, yet effort was made; adequate but could be more reflective and thoughtful.

C 2.0 Average work: the assignment directions were followed and the requirements were met in a relatively routine way. Slippage in levels of quality, originality and presentation; adequate but could be more reflective and thoughtful.

C-2.67 Slightly below average work: the assignment directions were followed and the requirements were minimally met, but there is much room for developing assignments further. Breadth and depth needs development; work lacks quality and quantity.

D+ 1.33 Below average work: an attempt to solve the problem was made, but there is much room for improving skills and developing further. The criteria of the assignment are barely met. Basic skills have been neglected and there is a lack of breadth and depth, and both the quality and quantity are lacking.

D 1.0 Inadequate, below average work: the requirements of the assignment are not addressed. The execution of the work is careless, the effort is incomplete and substandard.

D- .67 Unacceptable work and effort: the requirements of the assignment are not addressed. The execution of the work is careless, the effort is incomplete and substandard.

F 0 Unacceptable work and effort: the work submitted is inadequate; the requirements of are not addressed. Work is substandard not submitted, efforts are careless and/or incomplete.
