Attendance and Tardy Policy.

- Students are expected to attend all regularly scheduled classes. Each unexcused absence over three will result in a one-percent deduction from your final grade (capped at 10%). An excused absence is an approved UF event, a family emergency, or an illness. If two or more absences result from an extended illness, a doctor's note will need to be provided for those absences to be excused.
- Students knowing that they will miss a class must be in contact **beforehand via email**. Please do not schedule non-urgent doctor's appointments during class time. In the case of an absence (excused or unexcused), students are responsible for determining what material was covered and what assignments were given.
- Students who are not present by the beginning of class (8:30am) will be marked as tardy. Three tardies will count as one unexcused absence. There are no excused tardies.

Use of digital devices

- Students may use digital devices in class only when instructed to do so as part of an in-class assignment or to take notes.

- Students are allowed to record video or audio of class lectures for personal educational use, in a way that does not distract their peers. However, students may not publish recorded lectures without the written consent of the instructor.
- Any other use of digital devices (messaging, calling, watching videos, playing games, etc.) is not allowed. Students found doing this repeatedly might be asked to leave the class and marked absent.

Assignment Submission

All assignments are expected to be completed on time, legible, and submitted via Canvas *in pdf format*. A scanning app or a scanner (e.g., at the library) should be used to create pdf files. For each assignment, all files should be submitted together since only the latest submission will be graded.

Late Submission Policy

- Late assignment submissions (not including late submissions due to excused absences) will be accepted with a grade deduction of 10% if submitted within 48 hours of the due date. No late submissions past this grace period will be accepted.
- To avoid grade deductions for late submission, students may request due-date extensions for assignments via email at least 24 hours in advance of the original due date. Extensions will be assessed on a case-by-case basis.
